

## Mixtape

Matthew 12:38-50

### Dangers of Unbelief

Unbelief is often a subtle danger.

**1. Jesus needs to prove Himself again.**

When we are testing Jesus, we are not trusting Jesus.

**2. We seek a cleaned life more than a changed life.**

Salvation is not found in the ordering of our lives; the order of our lives is found in salvation.

**3. Our definition of a disciple is found in how we feel and not in what we do.**

Discipleship is not knowing what we believe; discipleship is doing what we believe.
