

**Love is...**

1 Corinthians 13:4-8

**Love believes.**

Love does not believe everything; love believes all true things.

**Love is not arrogant. (Love is humble.)**

Love does not make more of oneself by making less of another.

**Love is not rude. (Love is encouraging.)**

Love does not belittle, it builds.

**Love is not selfish. (Love is selfless.)**

Love wants what is right more than it wants to be right.

**Love is not irritable. (Love is gracious.)**

I am irritable if I interrupt, overreact, overcorrect, and am easily offended.

**Love is not resentful. (Love is forgiving.)**

Love stops calculating correction.

**Love does not control but it does change.**
