

Creation Genesis 1-3

More than a Story

Real events that reveal God.

In the beginning God created everything.

God created the clock, the cosmos, the constants, the creatures and us.

Good Creation = Good Creator

God created and sustains what is good;

His plan for perfection is eternal.

Brokenness is real and we are really broken.

God sees what is hidden and is willing to cover the cost of sin  
- removing our shame.
