

More than a Story: The Exodus Begins

Exodus 14 (Focus 14:10-18)

Faith is choice, not condition.

Faith is high, but healthy, expectations.

Standing firm is staying, not stopping.

Firm faith stands still in the face of fear and feelings.

Seeing is consequence, not cause.

What is seen is caused by faith; yet faith is not the cause of what is seen.

Facing fears by Faith...

1. Move forward
2. Do what you already know.
3. Step where the Lord shows – even if seems strange.
4. Don't stop here (in fear).
5. Celebrate your deliverance, not others' demise.
