

Week One: What is influence?

1 Corinthians 11:1 (10:23-33)

Influence is using who I am and what I have to help others be and do all that God created them for.

Influence is a life, not a goal.

Influence is life lived intentionally.

Influencing what matters requires sacrificing what doesn't.

The battle between "good to me" and "to God's glory" is real.

Influence costs a lot of little things.
